

## Dedicated to Metal!

Sevgili Metal Otomotiv Sanayi ve Ticaret Ltd. is a subsidiary of Meydan Group Otomotiv Sanayi Corp. which has a 51 years of experience in automotive spare parts industry. The parts Sevgili Metal manufactures answer to needs of customers who demand parts both in local & foreign markets. Searched and designed by R&D department, new products are determined after precise controls before molding & mass production. The production in Sevgili is made thanks to its expert staff, high capacity & quality pressing machines & robots and presented & sold to customers under our warranty of production defects. Attending exhibitions national & international, we introduce our parts to sector experts & customers.

## Electrostatic Spray Painting Line

All parts manufactured in Sevgili Metal facility are coated before painting for perfect protection against corrosion in our complete painting line of 200 meters. Mastic/glue is a standard for any parts manufactured by Sevgili Metal.

## Shipment

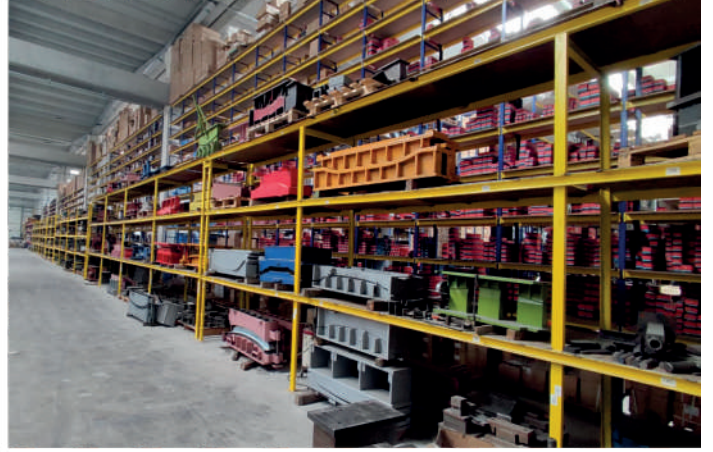

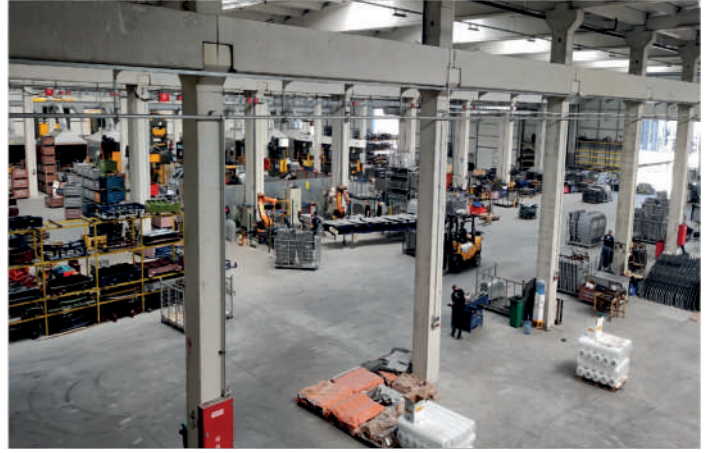

The parts manufactured & ready for shipping are loaded into containers with high care & precision by expert staff in order to avoid any damage risks during transport. With an annual 260 teu capacity, Sevgili Metal's main discipline is 'zero mistake'.

## Packaging

All parts manufactured by Sevgili Metal are packed with OE quality standards with rubber protection for corners & very high quality air bubble nylon packages made by fully automatic machines.
